1 Introduction

Hello World!

2 Math Environments

2.1 A Section

This is a new paragraph. I am just going o say some more stuff so that the text wraps the screen.

Consider the situation where $x = y - 8 + z$. Also

$$y^3 + \frac{\ln x + 7}{\cos \theta * \Omega},$$

and

$$\int_\infty^\pi 3z \tan\left(\sqrt{-z+8}\right) dz$$

- Tacos

  1. Spices
  2. Beef
  3. Cheese

- Limes

- Shells
